## Reconstruction Work Is Progressing On Burned Buildings Down Town

The apprehension that was felt right after the big fire in Hamlin as regarding the rebuilding, is now fading away as new work is progressing towards immediate reconstruction.

A survey shows that the Mrs. F. I. Walker building, which was occupied by the offices of Dr. Joe McCrary, dentist, and his father, Dr. L. P. McCrary, eye, ear and nose specialist, and by the City Hall on the first floor, is fast being reconditioned by carpenters and plasterers. Just what disposal the upper story offices will be made is not now known. The entire Walker building is being redone and this includes a new awning.

It would appear that the Chandler building will be restored and made better than ever. Brick work will be finished on the Vaughan building, occupied by the Western Auto Store. This wall was so damaged by fire that it was rebuilt from the bottom.

The Evans Cafe, occupying another Vaughan building, was damaged and is being repaired this week. Work will likely get under way in rebuilding the Clements building and the Imperial Barber Shop within a few days.

Dr. L. P. McCrary is officiating for the present in the Reynolds Drug Store and his son, Dr. Joe W. McCrary, dentist, is fitting up a suite of charming dental rooms over the Waggoner Drug Store. Later Dr. Joe will announce a formal open house so that the public will get an idea of what improvements he has made following the fire.

It would seem that the Ladies' Sewing Room is well satisfied in the Dillard building. Quite a lot of materials were salvaged from the fire.

### METHODIST CHURCH

Rev. John W. Hendrix, Pastor

Church school opens its session at 9:45 A. M.

MORNING WORSHIP comes on at 10:50 and goes off at high noon. In coming to worship it is well to observe that it starts ten minutes earlier than usual. It is a great means of personal grace to begin with the services. The choir will make its offering in appropriate hymns and the pastor will deliver a sermon, using as subject, "God On The Bleachers?" Let's examine together some primary facts about Providence. "Why Standeth Thou afar off, O God?" Why does God permit certain terrible things to occur? Where is God now? What is He doing about our present worries?

EVENING WORSHIP presents its opportunity to worship, beginning at 8:15 P. M. It is said that this service draws fewer people because it is thrown off on; that is, the choir makes no preparation for it; singing is punk; the preacher throws off on it; simply because few will come and tapers off his preparation accordingly. Such is not true of this pastor. It is being said that his best sermons are preached in the evening. At least he does his best under God. Subject for Sunday evening: "Havin' God Run After You." Aren't there some who live that sort of life, thinking that God must run after them? "Well, it is just up to Him if He wants to do anything let Him get at it," some act out.

LEAGUES, both of them, meet at 7:30 P. M. These being together an interesting group. You are most cordially invited.

### Off Cruising On The Caribbean Sea

Somewhere on some ship, this week is Forrest Greenway, head clerk of the Bryant-Link Company, and Secretary of the Hamlin Rotary Club. Forrest will take in the Caribbean Sea and all adjoining points of interest while on his vacation, in the Southern waters.

Mr. and Mrs. Cecil Brown were accompanied to Carlsbad Caverns on Tuesday of last week by Mrs. H. E. Brown, Mrs. W. R. Wilkerson and Miss Virginia Brown. They visited relatives in Lamesa, while on the trip.

### A LITTLE RAIN, BUT MUCH COOLER

The hot spell was broken somewhat Monday night when a high wind sprang up, and some rain fell. Then again Tuesday night more rain fell, but altogether, in Hamlin and especially a few miles west it was very light.

Reports are that in the Stamford-Haskell-Rule sections, and in the Rotan-Roby-Snyder communities, a fair cotton rain was received.

It is remarkable that cotton has been able to hold up so well in the long absence of rain and under the burning sun. Most feed has done its crop. The older feed has made a fair drop, but in some cases it is light in quality because of the dry spell.

A long time is ahead before frost and cotton might yet make a bumper crop if such a thing is ever possible with the curtailed acreage.

### BAPTIST CHURCH

The new month was started off in a good way last Sunday. An increase in Sunday school over the Sunday before was noted, and the largest number attended training union since we arrived in Hamlin. Miss Bobbye Jo Cox is assisting in this work this month, and new interest is being aroused.

The pastor will be in the pulpit both services Sunday. A special invitation is given to those not in services elsewhere to attend. The choir, under the direction of Mr. Clyde Smith, will render special music and God's word will be preached. You need the fellowship and encouragement you will receive at the church.

Workers in our church will sponsor a Vacation Bible School for the Oak Grove Baptist Church (colored) next week. On Sunday afternoon at 3:00 a special service will be held with our colored friends to prepare for this school.

H. E. EAST, Pastor

### DOVIE NEWS

By Vada Taylor

Sunday, August 11, there will be preaching all day and dinner on the ground. Everyone come, bring dinner, and be prepared for some good sermons to be brought by Rev. Hamilton Wright of Baird.

Sunday, August 4, Mr. and Mrs. W. E. Taylor invited all the young people of Dovie to be in their home. Rev. Hamilton Wright and Rev. Wesley Turner were also present. Others present living in other communities were Betty Lou Ivy, Bessie Taylor and Dorothy Rhoton.

Betty Lou Ivy, who lives at Tahoka, is visiting her grandparents, Mr. and Mrs. W. W. Ivy.

Bessie Taylor from Sylvester is spending this week with Vada Taylor. She plans to return home Saturday or Sunday.

We still urge everyone to attend the few remaining days of our revival. We have prayer meeting every evening beginning at 8 o'clock. Try to spur things up a bit and be present at these prayer groups. The meeting will close Sunday, Aug. 11.

### The Date Is Set

The date for the Methodist Revival has been set for September 8 to 22nd.

Rev. J. W. Hendrix has requested the Herald to make the announcement. All of all churches and those of no church are cordially invited to share in it.

REV. RUTHERFORD PREACHES  
AT SWEDONIA SUNDAY, 11th

Rev. W. F. Rutherford of McAllen, Texas, a former pastor of the Hamlin Nazarene Church, will preach this Sunday, August 11th, at the Swedonia Church at 11:00 A. M. The public is cordially invited.

Billie Eugene Rine is visiting his aunt, Mrs. R. T. Rine in Abilene.

### Bryant-Link Store Arranged In Depts.

According to our observation one of the most valuable arrangements the Bryant-Link Store has made for convenience is now in use.

Recently Forrest Greenway earned his vacation by doing a lot of moving. The rearrangement makes for room as well as for convenience and display.

First on the right from front to back is the Ladies' Department, beginning with piece goods, the various accessories, shoes, etc., terminating into the Ladies' Ready-to-Wear Department in the rear. The ready-to-wear room is thrown open for fuller view and light and open walk-in-way by the new arrangement.

On the left from front to the rear is the Men's Department, first showing men's suits and hats, then underwear, etc., extending out into the shoe department.

The center of the building is for novelties and miscellaneous goods, and finally the center, double wrapping counter.

This makes the store appear twice as large and with the office and hardware on the other side, the entire store looks better than ever before.

There is only one catch right now: Manager Tom Teague demonstrated this week that he makes a pretty good officer and if conditions don't ease up some he may be called to some kind of FBI service. He brings 'em in and there's no maybe. Ask Tom Teague how he bluffed a "Jehovah Witness" to go with him to the City Hall.

### Small Fire In Cafe Brings Out Fire Boys

About 3:30 or 4:00 A. M. Wednesday morning the fire alarm was sounded to call out the boys to extinguish a small fire that the nightwatchman had discovered in the rear of the Moore Cafe next door to the picture show.

Only slight damage was done, and it took only a small amount of water by hand to stop the blaze.

This fire started under a cabinet or shelf not so far from the hot-water heater, among a bunch of rags.

There was but little wood work to burn, since the building had concrete floors, brick walls, and non-combustible ceiling material.

### A. M. Eivens, Pioneer Died At McCaulley

A. M. Eivens, one of the pioneers of the McCaulley community, died at his home two miles south of McCaulley, Monday, August 5, at the age of 85 years, 1 month and 16 days.

Mr. Eivens was born in Alabama, June 19, 1855. He went from his native state to Oklahoma and in 1905 moved to McCaulley where he has resided since that date.

Survivors are the wife and three children, Cecil Eivens of Lubbock, Albert and Ila of McCaulley. Also there are three surviving children by his first wife, Charlie Eivens of San Angelo and Walter of McCaulley, and Mrs. A. H. Thornton of Oklahoma, and there are two stepdaughters, Mrs. C. C. Maberry and Mrs. Dock Drennan of Dickens.

Funeral services were conducted at the McCaulley Tabernacle Tuesday afternoon by Rev. John P. Hardesty and Rev. J. R. Bateman of Whiteface, Texas, a former minister in McCaulley.

Interment was in the McCaulley Cemetery by the Barrow Funeral Directors.

### "Jehovah Witnesses" Appeared In Hamlin

There was quite a lot of excitement and curious interest in Hamlin Wednesday morning, when it was discovered that a bunch of folks were distributing literature in Hamlin homes, to teach the doctrine of "Jehovah Witnesses."

At first the reports came in slowly to the City Hall and before noon things were popping wide open. The Big Sheriff was called over from Anson, and Acting City Marshal rounded up the bunch and soon an investigation was under way.

It was found that a "leader" had come over from Abilene and to Aspermont where he picked out two men and one woman and headed for Hamlin.

Now from what the Herald can find out these folks are a kind of fanatical people, not enjoying very high education, not very prosperous, and easy soil for some smarter guys further up, who may be using ignorance to carry some strange idea.

But the "idea" is what most people object to. It would seem that these "Witnesses" object to religion, and any forms of government, acknowledge no sovereign, or power except it be the Jehovah. Those who report on what the literature contains seem to say that they say all kinds of church organizations, and the usual loyalty is just so much "fuey." So far this is about all one could find out.

Hamlin authorities at first talked to the folks kindly and tried to get them to agree to leave town but they said they would not and would continue to work here. The outcome of the case was that charges of "vagrancy" were set out and the three men were taken on to the County Jail and the woman was permitted to return to Aspermont.

From what the Herald can get this movement is among a few, does not now mean any harm to our government, but should it become widespread, (which it can not) it might cause serious trouble. It is a form of religious idea that perhaps leads the believer to try to turn the world up-side-down.

Later Thursday morning, Sheriff Dunwoody and County Attorney Gilbert Smith brought the men back to Hamlin and turned them loose. There is no law against teaching what one believes in the Bible... the literature is about what everybody has heard a certain "Judge Rutherford" preach over the radio.

Betty Lou Ivy, who lives at Tahoka, is visiting her grandparents, Mr. and Mrs. W. W. Ivy.

Mrs. S. B. Leslie left Monday for Sweetwater to spend some time visiting a son.

#### SIX MONTHS' PROGRESS

The progress report of 202 Farm Security Administration families in Jones County shows that they are, in general, making progress toward carrying out their plans in a live-at-home program of Rehabilitation. The information was taken from their farm and home record books for the first 6 months of 1940.

The average of this group is as follows:

The first figures are for 12 Mos. The second group is results of first six months of this year:

PRODUCE—

Total sales from planned livestock and produce in 12 months, \$275.29. Actual income in 6 months, . . . \$143.37—\$5.73 income above plan.

In this way families are helping to make "bigger acres" of their farms. The report showed that by June 30, 1940, these families had canned 25,604 quarts of food, or 126 quarts per family. They are trying to fill their canning and food storage budgets by December 31, 1940.

(Robert C. Cross, Rural Supervisor and Lee Ann Williams, Home Supervisor, Jones County FSA).

### Mrs. F. I. Walker And Son Thank The Volunteer Fire Boys

One of the buildings that figured in the recent Hamlin fire was that of Mrs. F. I. Walker and son on the corner. They ask the Herald to carry their expression of appreciation to the fire boys of Hamlin and Stamford for keeping the fire from causing complete loss.

## THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

About the most outstanding signs of the recent political campaign are the candidate placards glaring in the face of the passer-by on every post . . . pictures of defeated candidates sitting up there glaring out into space, sad and lonely. Not even the fond voter is interested in them enough now to pull them down.

—T&amp;T—

There are many in Hamlin waiting to read "Mien Kampfe". Who has read it? Anyone who has read every page of "Mien Kampfe" please speak up, the Herald Editor wants to ask him or her a question.

—T&amp;T—

Between the War news, the actions of congress, the threats of Hitler and the pratings of once a famous flyer, and the hot days, one's mind is in a heck of a fix.

—T&amp;T—

Yes, Col. Charles Augustus Lindbergh, who wears a decoration on his breast pinned there by one Hermann Goering, broke loose at the mouth again last Sunday in Chicago. Each time this gentleman opens his mouth he steps into it. His remarks are simply not very patriotic, in fact, very Germanic or whatever one may call pro-German. Wonder if he is silly enough to think it makes no difference who rules the millions of European people and the Atlantic Ocean?

Lindy says, "In the past we have dealt with a Europe dominated by England and France. In the future we may have to deal with a Europe dominated by Germany. But whether

England or Germany wins this war, Western civilization will still depend upon two great centers, one in each hemisphere."

Lindy traveled quite a bit in Europe in 1936 to 1939, and did you know that Lindy took refuge in "quiet, safe old England" with his family, and here are some of his remarks in Chicago last Sunday: He said he was reminded of a Chinese proverb, saying: "When the rich become too rich and the poor too poor, something happens."

—T&amp;T—

He said that this proverb applied to nations as well as to men. He said, "When I saw the wealth of the British Empire, I felt that the rich had become too rich. When I saw the poverty of Central Europe I felt that the poor had become too poor. That something would happen, was blazoned on even the skies of Europe by the mounting thousands of fighting aircraft."

—T&amp;T—

It would serve no good purpose to get into an argument with the distinguished spoiled Lindbergh, but it will be appropriate to say that his whole basis of thought is un-American, and against the very basis of liberty. It does make a lot of difference who dominates Europe and who controls the Atlantic Ocean. Mr. Lindbergh, what did you get under your skin while drinking wine with Hermann Goering that makes you talk so different from that of your patriotic mother-in-law? What is it? Lindy, the old ignorant but patriotic boys down here in Texas are fed up on your "blab."

—T&amp;T—

Some things are just like the weather. We talk about them but can do nothing to change it, maybe. For example there is a lot of senseless political chaff flaring up over in Washington. Maybe somebody could do something about it, but it is like the weather. For example, there are a few fellows up there who can not agree to anything anybody else proposes. Wonder if a fellow were to offer such guys a five spot every time they assert an affirmative stand, maybe it would

so shock them that they would quit pulling back in an unpatriotic stubborn mule manner. You know who the so-called statesmen are, if you do not, listen a little and you will hear them bray.

—T&amp;T—

Now comes a bit about "The War." Did you know this nation is really in war? Well, as far as getting ready and up speed we are. And who is to blame, except the idea of rebelling against the English-American race. Yet some folks are sticking their heads into the sand and saying we are not in danger.

—T&amp;T—

If Hitler can take a half dozen neighboring countries within a few days, it stands to reason he will burn England down within a year or less. Then what? There are four "buzzards" ready to pick up the scraps of the English Empire. Let the United States object to such picking and we've got a scrap on our hands. If we do not object to the picking, as some would prefer, the next thing a bit of skin would come off of ourselves and who would not fight then?

—T&amp;T—

Who is it that objects to selling or giving or loaning or letting England have about FIFTY destroyers to hold off the oncoming German soldiers? General Pershing says do that today for tomorrow it might be too late.

## "Build-Up" Good News For Suffering Women

Much of women's periodic distress may be unnecessary! Many who suffer from headaches, nervousness, cramp-like pain, other symptoms of functional dysmenorrhea due to malnutrition are helped by CARDUI.

Main way it helps relieve periodic distress is by increasing appetite and flow of gastric juice. Thus it often aids digestion; helps build strength, energy, resistance to periodic disturbances.

Others find help for periodic discomfort this way: Start a few days before and take CARDUI until "the time" has passed. Women have used CARDUI more than 50 years.

Mrs. N. E. Money accompanied by her daughters, Mrs. S. M. Richardson and Mrs. U. S. Harrell of Aspermont and Mrs. H. I. May and daughter Irwinia of Waxhachie, visited relatives in Muleshoe, Canyon, and Wellington last week.

## Part of every Texas oil dollar finds its way

EVERY merchant in our State—every business and professional man—every worker, shares in Texas oil's huge expenditures.

Many Texas cities with all their varied businesses and employment exist and prosper today because of oil.

Last year petroleum created a direct buying power in our state of 550 million dollars.

Of this, Texas retail merchants received 324 million dollars, landlords 44 million, utilities 38 million and professional men 22 million, while 83 million more went for insurance and savings.

This huge sum is distributed and redistributed in an endless chain of income for our State and its people.

Texas oil payrolls are over 60 per cent of all the wages paid to all Texas workers.

Directly or indirectly, you get a part of your income from oil.

## Vegetable Laxative Makes Happy Friends

Here's a laxative that usually acts thoroughly as harsher ones but is a gentle persuader for intestines when used this way: A quarter to a half-teaspoonful of spicy, aromatic BLACK-DRAUGHT on your tongue tonight; a drink of water. There's usually time for a good night's rest, with a gentle, thorough action next morning relieving constipation's headaches, biliousness, sour stomach, bad breath.

BLACK-DRAUGHT is a splendid combination of vegetable ingredients, chief of which is an "intestinal tonic-laxative" that helps impart tone to lazy bowel muscles. It's economical. 25 to 40 doses: 25c.

Brookie Pitcock was operated on for appendicitis Tuesday of last week. Reports show he is doing very good. He was moved home by the Barrow ambulance "of Hamlin" Tuesday of this week, where he will remain in bed for several days.

### A DARDEN-O-GRAM

It seems that Mr. Lindbergh is still advocating the much discussed appeasement policy. We have seen that tried before. Mr. Chamberlain was fond of such a policy—but the English people finally woke up to the fact, that such a policy would not work with such leaders as Adolph Hitler. The Nazi objective is a return to paganism and the subordination of the rights of the individual. Our basic principles are right. We have no business flirting with dangerous theories. After Field Marshal Goering pinned a medal on Lindbergh, his hat has become four sizes too small for him. A few years ago Lindy was a hero in the eyes of the American people but now he has been classed as a leader of the fifth column, even by a U. S. Senator. If Mr. Lindbergh continues his radio speeches on appeasement, then he might as well crank up the Spirit of St. Louis and fly back to the arms of Goering. It's a pity to be a hero and then lose the confidence of the American people. We hope Mr. Lindbergh will ABOUT FACE and fall in line with our leaders and have a part in keeping safe Democracy and America.
